

## HYDRAULIC CRIMPING TOOL for 4 and 8 contacts size

Lightweight and compact, this tool is ideal for the compression of connectors on overhead lines and other general electric installation applications.

With the benefit of spring loaded handles, the dies can be advanced using only one hand; therefore leaving the other hand free to position the connector.

For ease of operation and comfort of the operator, the tool head can rotate by 180 degrees. The built-in safety valve will bypass the oil supply when the maximum pressure is reached.

The pressure release system can be easily operated, at any stage of the compression

### CRIMPING ACCESSORIES

SBH	ME1	for cable 4 to 6 mm <sup>2</sup>
	ME2	for cable 10 mm <sup>2</sup>
	ME3	for cable 16 mm <sup>2</sup>
	ME5	for cable 25 mm <sup>2</sup>
